[Approved by Governor October 2, 2015. Filed with

#### **LEGISLATIVE COUNSEL'S DIGEST**

AB 1097, Holden. Alarm companies: electronic transactions.

The Alarm Company Act provides for the licensure and regulation of alarm company operators and the certification and registration of employees of alarm companies, including alarm agents, by the Bureau of Security and Investigative Services within the Department of Consumer Affairs. That act requires that specified installation agreements entered into by an alarm company pertaining to alarm systems, including, among others, lease agreements, monitoring agreements, and service agreements relating to those installation agreements, be in writing. The Uniform Electronic Transactions Act (UETA) generally allows parties to contract to conduct transactions by electronic means, imposes specified requirements on electronic transactions in order to comply with the act, and provides specified protections for electronic transactions conducted pursuant to the act. UETA does not apply to certain transactions, including, among others, "home solicitation contracts," as defined. Existing law provides specified time periods for consumers to cancel a home solicitation contract, and requires specified disclosures and statements, and separately executed cancellation documents in connection with the execution of those contracts.

This bill would provide that contracts for services or other activities relating to installation agreements for alarm systems may be conducted by electronic means. The bill would provide that the provisions of UETA would apply to transactions conducted by persons licensed, certified, or registered pursuant to the Alarm Company Act, for purposes of those installation agreements, as specified. The bill would require those electronic contracts for services or other activities relating to installation agreements to comply with specified cancellation periods, statements, and disclosures that apply to home solicitation contracts, and would authorize signatures, disclosures, and documents required by those provisions to be provided and transmitted electronically.

This bill would incorporate changes to Section 1633.3 of the Civil Code proposed by both this bill and AB 1131, which would become operative only if both bills are enacted and become effective on or before January 1, 2016, and this bill is chaptered last.

*The people of the State of California do enact as follows:*

SECTION 1. Section 7599.54 of the Business and Professions Code is amended to read:

7599.54. Except as provided by Section 7599.56, every agreement, including, but not limited to, lease agreements, monitoring agreements, and service agreements, including all labor, services, and materials to be provided for the installation of an alarm system, shall be in writing. Except as provided by Section 7599.56, all amendments subject to the provisions of this section to an initial agreement shall be in writing. Each initial agreement shall contain, but not be limited to, the following:

(a) The name, business address, business telephone number, and license number of the licensed alarm company operator and the registration number of any alarm agent who solicited or negotiated the agreement.

(b) The approximate dates when the work will begin and be substantially completed.

(c) A description of the work to be done, a description of the materials to be used, and the agreed consideration for the work.

(d) A disclosure that alarm company operators are licensed and regulated by the Bureau of Security and Investigative Services, Department of Consumer Affairs, Sacramento, CA, 95814.

(e) A description of the alarm system including the major components thereof and services to be provided to the purchaser once the alarm is installed, including response or monitoring services, if any.

(f) Other matters agreed to by the parties of the contract. The agreement shall be legible and shall be in a form as to clearly describe any other document which is to be incorporated into the contract, and, before any work is done, the client shall be furnished with a copy of the written agreement signed by the licensee.

(g) A statement setting forth that upon completion of the installation of the alarm system, the alarm company shall thoroughly instruct the purchaser in the proper use of the alarm system.

(h) In the event a mechanic's lien is to be utilized, a notice-to-owner statement which shall describe, in nontechnical language and in a clear and coherent manner using words with common and everyday meaning, the pertinent provisions of this state's mechanics' lien laws and the rights and responsibilities of an owner of property and a contractor thereunder, including the provisions relating to the filing of a contract concerning a work of improvement with the county recorder and the recording in the office of a contractor's payment bond for private work.

(i) In addition to the above, every initial residential sales and lease agreement, the total cost which over the time period fixed by the agreement exceeds two hundred fifty dollars (\$250), including the cost of all labor, service, or material to be provided by the licensee for the installation, shall include, but not be limited to, the following:

(1) A schedule of payments showing the amount of each payment as a sum in dollars and cents. This schedule of payments shall be referenced to

the amount of work for services to be performed or to any materials or equipment to be supplied.

(2) If the payment schedule contained in the agreement provides for a down payment to be paid to the licensee by the owner or the tenant before commencement of the work, that down payment shall not exceed one thousand dollars (\$1,000) or 10 percent of the contract price, excluding finance charges, whichever is the lesser.

(3) In no event shall the payment schedule provide that the licensee receive, nor shall the licensee actually receive, payment in excess of 100 percent of the value of the work performed on the project at any time, excluding finance charges, except that the licensee may receive an initial down payment authorized by paragraph (2). A failure by the licensee, without legal excuse, to substantially commence work within 20 days of the approximate date specified in the contract when work is to commence, shall postpone the next succeeding payment to the licensee for that period of time equivalent to the time between when substantial commencement was to have occurred and when it did occur.

(4) A notice-to-owner statement which shall describe, in nontechnical language and in a clear and coherent manner using words with common and everyday meaning, the pertinent provisions of this state's mechanics' lien laws and the rights and responsibilities of an owner of property and a contractor thereunder, including the provisions relating to the filing of a contract concerning a work of improvement with the county recorder and the recording in the office of a contractor's payment bond for private work.

(5) A description of what constitutes substantial commencement of work pursuant to the contract.

(6) A disclosure that failure by the licensee, without legal excuse, to substantially commence work within 20 days from the approximate date specified in the agreement when the work will begin is a violation of the Alarm Company Act.

(7) A disclosure informing the buyer of any potential permit fees which may be required by local jurisdictions concerning the monitoring of an existing alarm system.

(8) This section shall not be construed to prohibit the parties to a residential alarm system sale contract from agreeing to a contract or account subject to Chapter 1 (commencing with Section 1801) of Title 2 of Part 4 of Division 3 of the Civil Code.

A violation of this section or failure to commence work pursuant to paragraph (6) of subdivision (h) may result in a fine of one hundred dollars (\$100) for the first violation and a five hundred dollar (\$500) fine for each subsequent violation.
